Should Government be pleased to Sanction it will be necessary to prohibit the fishermen from selling these fish to any other people the price which the fishermen will be paid for these Articles will be regulated by the price Mr. Baboom may contract with Government for as these Articles are not used by the Natives they have not hitherto been fished for consequently it is impossible at present to form any Idea of the quantity that may be procured and the amount of Revenue it will produce — I have no Doubt however that by encouraging the fishermen to procure

them

them Government will obtain an additional Revenue of Six Thousand Pagodas a Year

To the Secretary to the Board of Revenue
Fort St. George

Sir

I have the honor to acknowledge the receipt of your letters dated the 2nd, 27th and 28th January Calling on me to Report to what extent the Cultivation in these Districts have Suffered from the failure of the rains this Season, and directing me to Suggest Measures for providing Subsistance for the

the indigent or distressed Inhabitants by employing them on the Public Works during the scarcity

I have the honor to inform the Board that the Cultivation in this Division has not Materially Suffered this year the Rains that have fallen have been very Scanty but were sufficient for the dry grain the Cultivation of the dry grain was Considerably extended this year and generally is More productive in a Moderate Season than when the Rains are More abundant

The Nunjah Crops of Ramnad and Shevaganga have from want of rain mostly failed and the latter Zemindary will experience in a trifling degree the failure of the dry Crops but being in the Vicinity of Tanjore will obtain whatever Supplies are necessary from that place

The average Price of Paddy selling at Ramnad is now about 40 Star Pagodas that of dry grain 26 Star Pagodas the Garce

The want of water I believe will be greatly felt during the hot season as at present there is scarcely a Tank in the Country but what is perfectly dry and must no doubt occasion this year a great Mortality among the Cattle

It is to be regretted that the Zemindar pay so little attention to Keeping the Tanks of the Country in repair they are at present in a most Ruinous State and not one of them I believe have received any repair since the permanent Settlement was made the Inhabitants of the Fort and extensive Pettah of Ramnad experience Considerable inconvenience from

the

the inattention that has been paid by the Rannie to keeping the Tank which supplies them with water in repair which from the year 1788 when it was Cleared by that Zealous Minister of the Poligar Syd Patty Mootoo Inlah Pilla has never since been touched I have frequently Mentioned to the Rannie the Necessity of having it Cleared but no attention has been paid to it the Rannie appears as do Many of the Zemindars to be totally insensible of that tenderness and Care which is due towards the Ryots and equally blind to their Own Interest Should the Board think proper to Sanction me to have these Tanks Cleared the expence is estimated at 800 Star Pagodas Considering the dry Crops depending Solely on the Periodical rains are liable to frequent failure and the Inhabitants to Suffer the distress of Scarcity or the horrid Calamities of famine as was the case in this Country as your Board May recollect in the year 1799 it is to be regretted that more attention is Not paid by the Rannie to the Means which the Vigay the Sholiar and Goondar Rivers afford of irregation to her district which at a Comparatively Small expence would render this almost barren region as fertile as the Tanjore Country by executing the project which that enterprizing and Zealous Servant of the deposed Poligar Mootoo Inlah Pilla had Commenced on of turning the Source of the Sholiar a large River at the head of the Dindigul Valley

Vally which flows into the Sea on the Malabar Coast into the Tyggay and which he was prevented from proceeding in by the Poligar being at that time deposed. if this project could be accomplished the large tract of Lands from Madam to the Sea now perfectly uncultivated would Receive a Supply of Water both from the N.E. and S.W. Monsoons and would possess Similar advantages to the lands in the Tanjore Country, Mr Lushington the Collector of this District who was forcibly impressed with the high importance of this object addressed the Board particularly on the Subject in August 1799 and Requested that a Scientific person might be sent to examine and Report on the practicability of destroying the Rock at the head of the Tyggay the only obstacle which opposed the execution of Mootoo Inlah Pillas project. the Board directed him to employ two Native Surveyors who were sent as an Engineer could not be at that time spared but the Native Surveyors were not found able to the undertaking and were employed on Surveying the assumed Pollams. Should the Board deem it adviseable to have an examination of this project and a Report made on it, by a Scientific person and if found practicable to exert the authority of Government to induce the Zemindars who may partake of the benefits arising from the abundant Supply of Water it will bring into their Lands to Contribute proportionably to defray the expences of the execution of the works, it would soon amply repay them but without the interference of Government to adjust and determine the Contribution to be made by each

Zemindar

16

Zemindar I am afraid it will be impossible
ever to Accomplish this desirable object as the
Zemindars who possess no enterprize, and form
No Idea of future advantage are deterred by
their avaricious Spirit from engaging in any
useful undertaking which Require immediate
expence. I therefore Suggest to the Board that
a Scientific Survey be Made of the Place, and
if the project be found Practicable that Government
advance Money for executing the Work and after its
Completion that the Amount of the expence
be apportioned on the Zemindars and be
recollected from them with Interest by
Instalments.

I have the honor to be
Sir
your most obedient humble Servt.

To the Zillah Judge at Ramnad

Sir

In compliance with your Request
I have to Certify that in the Month of Karticthie
last Account Produce of the Zemindars lands of
the three last Fuslies Vizt. 13, 14 and 15 Fuslies
were Required from the Zemindars for the purpose
of forming their estates into Subdivisions and
for the purpose of apportioning the assessment
on each Subdivision, the account of the Rannie

of Ramnad were sent to my Cutcherry and the Conicopillas of Paupancolum, Comery, Vandary, Parasingummungalum and Unaumetagoody Talooks delivered Accounts of the Produce of the 15 Fuslie at the following Valuation

Paddy	14 fanams	P.r	Cullum
	12½	do.	P.r dry Grain
	9	do.	Eroongoo
	8	do.	Vauloo & Varagoo

The Carbar of the Rannee objected to these Accounts on the plea that the Price at which the Conicopillas had Converted the Produce into Money was too low, the Conicopillas on the other hand stated that the prices they had written was the Price for which the Grain had actually been disposed of &c

The Carbar Tegaroypilla was then permitted to examine the Accounts the Conicopillies and the Carbar being publicly warned in the Cutcherry that if false Accounts were delivered into me they would be brought before the Court and there meet the punishment directed by the Regulations of Government — during the time of the examination of the Accounts by the Carbars Orders were received from Madras that it was unnecessary for Collectors to interfere with the Accounts of Zemindars unless their lands were under attachment for arrears of Revenue the Accounts were consequently given up

To the President and Members of the Board of Revenue

Gentlemen,

I had the honor of addressing a letter to the Board of Revenue on the 15th October last upon the Subject of Several of the Minor Zemindars of this Collectorate in which I Requested permission to instal the Minor Zemindar of Collerpatty in his Zemindary. as this Zemindar has Since frequently Complained of the Conduct of his manager I deem it Necessary to lay before the Board his Urzee upon that Subject, from the very

Month

Slight check established by the Regulations of Government over the Conduct of Persons entrusted with the management of the estates and Property of Minor Zemindars I have Reason to belive that they appropriate to their own use a part of the Revenue of the Minors Instead of Surplus Revenue being Sent in by the Managers to my Treasury a Balance of Kists is Continually existing against those estates as Collector are prohibited from interfering with the arrangements made by the Managers for Realizing the Revenues under their Charge it is impossible to ~~...~~ discover if the managers ~~...~~ do not Remit the whole of their Monthly Collections more especially as the accounts of the Collection are not furnished to the Collector till the expiration of the Years.

The Minors are authorized by the Regulations to Prosecute in the Zillah Court their Managers in cases of fraud or Supposed fraud but it most frequently happens the Minor is too Young or too ignorant or else Kept under Such Restraint that he can have but little Knowledge of the nefarious transactions of his Manager. I request to be favored with instructions from the Board about this Zemindary and of the others Reported in my letter of the 25 October last.

Sir

I have the honor to acknowledge the Receipt of your letter of the 23rd May last remarking on the decrease of the Sale of Salt in this Zillah in 1216 Fusly and desiring that a Proclamation should be published to inform the Brinjaries of the facility in which they can obtain Salt in my District and of their freedom in determining on their own Rate of Sale.

In Reply I have to inform you that I have published a Notification to the above purpose but I am of opinion that the decrease of the

the Sale of Salt is more to be attributed to the Conduct of the Native Servants employed in that Department than any other Cause it may be also attributed to the great draught that exists generally in this Country and which causes the Traders in Salt to go to that part of the Coast which will supply water for their Cattle that Carry the Salt — my time has been particularly occupied in endeavouring to establish an efficient Check over the Native Servants employed in the detailed Superintendance of the Manufacture and Sale of Salt. On my taking Charge of the District I found that no particular Number was fixed for the Rowanahs of each Salt Pan consequently a Man inclined to embezzle Salt had only to purchase Salt at one Pan which would be regularly reported to the Collr and entered in the Companys account for which he would receive a Rowanah he might then go to a different Pan and Clandistinely purchase from the Salt Sumpiredy or Manufacturer at an inferior price to the Companys a Quantity equal to the amount Stated in the Rowanah obtained at his first purchase and of Course as the Quantity of Salt would always in such a Case Correspond with the Rowanah no person or ~~peonich~~ Tannadar would interfere with it ~~and~~ this trick which has been proved to me to have been practised & might have continued to the great detriment of the Companys Revenue &

I immediately checked this imposition by having a Number to the Rowanah fixed for each Salt Pan Commencing No. 1, 2 &c. and the Name of the Pan written on the heade of the Rowanah and a Report of each days Sale made from each Pan with the Names of the purchaser affixed to it. Consequently if a Rowanah be registered by the Tanadar on passing any Station he would know if that Number was brought a Second time that it must be a fraud and he would Seize the Salt if the Rowanah was attempted to be made use of at any other Pan the heading of the Rowanah being perused by the Tanadar would also detect the fraud and if by accident No. 1 Should pass the Tanah without being registered and the owner attempt to make use of it a Second time at the Same Salt Pan the Tannah having Since registered Nos. 2, 3 & passed Rowanahs Nos. 5 or 6 would Consider why Rowanah No. 1 Should not have been issued before (as it would not be the interest of the purchaser to delay the transport of his) and he would detain the Salt unless a Sufficient Reason was given him. This System has proved to be efficient where an opportunity has been given of putting it into practice Namely where Tanadars are Stationed on the Roads leading from the Salt Pans this I am Sorry to Say is very Seldom the Case as there is only a Single Tanadar perhaps in the Cusba of

each

each Patook, and their may be five or six different high Roads leading from a Salt Pan or the Salt Pan to 50 miles from the Cusbah, It may be said the Cowlgars of the Villages should examine the Rowanahs and in most cases they do, but a few panams sent them by the Sumperdy of the Salt Pan or given by the Carriers of the Salt, soon purchases off their interference, or even evidence to be given by them in the Zillah Court; another greater and more serious obstacle to the detection of frauds, is the delay which is caused by applying to the Zillah Court for the Condemnation of the Salt which has been taken for being clandestinely carried away from the Pans, a day is appointed by the Court for hearing the Cause, 2 Witnesses are required, they must be summoned an answer, a Reply and Rejoinder must be given probably 10 or 15 days between each in all ... before any decision is made and if it happens that a Man who has attempted to steal 50 Pagodas worth of the Company's Salt is Convicted in Court he probably gets only 15 Days Confinement, as I am unable to prove by two Witnesses what property the defendant is worth. The enclosed Account will shew that I have now about 15 Causes filed in the Court being about 3 months ago

62

not one of which have yet been decided

I have thought it Necessary to make these remarks to endeavour to Convince Government that unless more efficient Checks are established to detect and punish fraud in the Sale of Salt this most lucrative branch of Revenue will dwindle into Nothing, where as, if it be properly managed it would I am Convinced prove a very Considerable Source of wealth

Sir

In your letter of the 17 July last I was directed to Report to the Board what remission had been granted by the Raunee of Ramnad to the Renter of Chank in consequence of the Divers having been employed at the Pearl fishery. I have the honor to inclose a Declaration and translate given to me by the Renter of Chank and request to be informed if I am authorized to pay the amount or to give credit in the Raunee['s] Kist for the amount she has Claimed

When a Pearl fishery in future takes place I would recommend that Such Divers only as are not under engagement to

fish chanks for the Raunie should be recommended to proceed to the pearl fishery as in that Case the Raunie could have no just Claim for the remission she has hitherto been in the habit of receiving on a Supposition that the Chank fishery was obstructed by the pearl fishery taken place

Gentlemen,

I have the honor to acknowledge the receipt of your letter dated 11th June last desiring me to report on the claim of the Cuddumboor Zemindar to certain Land of Chokalingaporum stated by him to have been seized by the Zemindar of Ettiapoor —

In reply I have the honor to inform the Board that the Village of Chokalingaporum is included in my Cutcherry Accounts in the list of the Villages Composing the Zemindary of Cuddumboor and must have been left out of the Deed granted to that Zemindar by omission —

The Cuddumboor Zemindary never having been under assumption nor been measured by the Servants under the authority of the Collector — a Village by name Koodracolum belonging to the Govenegherry Talook of Panja-lumcourchy and being one of the Villages assigned over by Government to the Zemindar of Ettiapoor Borders on the Village of Chokalingaporam — It was under assumption of the Company about three years and was measured by Mr. Lushingtons Tassil-dar Paulah Saib, I therefore deputed a Gomastah & Peons with

with Instructions to remeasure the Lands of the Koodracolum Village by the same Rod as that used in the time of Mr. Lushington's measurement, & to report any decrease or excess that might now occur, and to measure the Lands in presence of People to be deputed by both Parties in the Cause - I have the honor to enclose the report of my Gomastah and a letter from the Zemindar of Etteapoor with translate thereof

To the General Agent for Salt Monopoly

Sir,
A few days ago I had the honor to report to you the difficulty experienced in detecting numerous frauds, I suspected to be committed in the Salt Department under my Superinten-

-dance owing chiefly to the impracticability of obtaining the num-ber of Evidences required by the Zillah Court to prove the Charges against those people, I received information they had been guilty of Embezzlement and of Selling Salt contrary to the Regulations of Government –

That such frauds are committed no stronger Proof can be given than by offers having been made to me to Farm the Salt at one quarter more than the ave-rage produce of the two last fuslies for the term of three Years the Salt to be retailed at the present price fixed by Government Viz^t. 20 P. T. Pagodas P^r. Garce and the War-rom & Sodundrums &^ca. to be paid by the Renter the same as now paid by Government –

With a view therefore of augmenting the Revenues of the Company I propose for the consideration & sanction of the Right Honorable the Governor in Council my Renting out the Salt Pans of this Collectorate on the above Conditions by which the Maintainance of the present large Establishment of the Salt Department will be no longer necessary and an Annual encrease of near 8000 Pagodas Revenue will be derived to Govern^t.

Gentlemen,

In compliance with the Instructions Contained in your Secretarys letter of the 4th. April, after summoning the Arrack Renters who had petitioned for a remission of Rent. I reported to the Board on the 21st. May last, that I had been unable to effect any accommodation with them they having refused to produce any other Accounts than what was contained in their Petition to Government Alleya rowetten one of the Arrack renters then proceeded to prosecute his Claim in the Zillah Court of Ramnad, as the Decree in this Suit has been given against Government, I have now the honor to forward a Copy thereof as directed by the Regulation II A.D. 1802.

The enclosed No. 2, is Copy of Instructions given by me to the Government Vakeel in the Zillah Court —

In compliance with the Decree of the Zillah Court the Amount of Spt. 898 - 4 - 30 f. c. has been forwarded to the Judge —

I conceive it would be improper in me to offer any remarks on the Decree passed in favor of the Complainant I shall only observe that the Renter appeared to find little difficulty in producing to the Court a Mass of Evidence to prove that he claimed no more than the expences actually incurred by him —

I have the honor to be

Copy of an Argee addressed by the Collector of the Zillah of Ramnad — To the Vakeel of Government in the Zillah Court of Ramnad dated 28th May 1807 — You will attend at Court on the 2nd June next to conduct the pleadings in the Suit preferred to the Court by Alleah Rowten to recover from the Company the losses sustained by him in renting the Arrack and Toddy Farms for 1215 Fusly from 1st Audy to 30th Auny Korodana Year for 3 Choukies of Ramnad —

The Amount of the Rent was Star Pags 380 . 18 . 20 of which the above Renter paid the Company in part of his Rent Star Pagodas 160 . 36 . 39 —

The Amount Claimed by him for losses by the Inhabitants refusing to sell him Toddy &ca is Pgs fs c 711 . 22 . 49 which being considered unreasonable and unjust the following Compensation offered him

	Pgs fs c
From the Amount of Kist Paid	160 . 36 . 39
The Allowance Estimated for Sibbendy for Collecting the Rents	104 . .. ..
Profit Estimated on the Rent	50 . .. ..
Amount Charges said to have been incurred by the Petitioner in the Zillah Court	39 . 19 . 12

Deducting the Amount Acknowledged to have been collected by the Renter from the Inhabitants	108 . 30 . -
The Amount offered him as Compensation was	245 . 25 . 51

This having been refused by the Petitioner you will request the Court to Consider the exorbitant Demand made by him and only to admit such as may appear reasonable and just — you will remark to the Court that the Petitioner should prove that the Charges stated by him have been actually incurred & that Governmt ought not to lose by any improper management of the Renter — or by any unnecessary expences made by him you will be particular in stating to the Court every thing mentioned in these instructions without omission

To P. Kinloch Esqr.
Collector in the Zillah of Ramnad –

Sir,

On an Examination of the Civil Fund Accounts for the Year 1806/7 it appears that Mr. Wm. Sanders, then Register to the Collector of Tinnevelly paid his Subscription to the Fund from the 1st May to the 17th June 1806 at the rate of Pagodas 2.13.10 pr. Month, instead of 10.36.35. – The difference between these Sums for the above period, being Pagodas 13.12.54 not having been yet paid – I request that the same may be deducted from Mr. Sanders Allowances, explaining to that Gentleman the cause of the Stoppage –

To the President and Members of the Board of Revenue
Fort St. George -

Gentlemen

I have honor to enclose for the information of the Board a Statement of the Balances due from the Zemindars for Fusly 1216 up to this date -

The severity of the Seasons particularly of the late one and extensive decrease of the Crops experienced in many of the Pollams during the late Fusly, induces me to think on reference to your orders of the 27th. January last, that it was not the intention of Government to inforce the realization of the Public demands for last Fusly by putting up to sale the Lands of those Zemindars that had fallen into arrears under this impression at the expiration of the late Fusly, I called on those Zemindars in arrears to state if they would be able to discharge within one or two Months the Balances due from them, having received unsatisfactory answers from most of them and due time having been given them to discharge their arrears, I have directed the Curnums to furnish within 10 days after receipt of my order, Ac-counts of the Produce of the last three Fuslies, Viz. 1214, 15 & 16 for the

pur-

purpose of forming their Estates into Subdivisions to be submitted for the Sanction of the Board previous to putting them up to sale—

I am sorry to say the great inattention of the Curnums in keeping regular Accounts and the wilful delay in furnishing the accounts required has particularly embarrassed me and prevented my preparing for transmission the accounts required as p. form marked A enclosed in your Secretary's Letter of the 27th January last.

On my taking charge of this division a Balance for former Fuslies of S.Pgs f c 9391-31-31 was due from the Zemindar of Shevagherry the Aumeen who was deputed to attach Lands equal to the Balance due, was unable to obtain from the Curnums a Statement of the produce of three fuslies until the other day—

An Abstract only of the Conongoes Account given in September 1212 Fusly on which the Value of the Pollams was Estimated and the Permanent, proposed by Mr. Lushington being among the Dafters of my Cutcherry (the detailed Accounts of each Village being with the Collector of Tinnelvelly as I am informed) I am unable to compare the value of each Village of the Pollams as stated to Mr. Lushington with the average Account directed to be received of three fuslies from the Curnums—

Soon after taking Charge I called for Accounts of Produce of the Zemindary of Shevagherry for 1213, 14 & 15 Fuslies (I received the other day) sent either by mistake or on purpose,

No. 3 a Statement of Produce of 1209, 10 & 11 Fuslies, on Comparing the Amount Jummah of 1209 Fusly of Shevagherry given by the Conongoes of Tinnelvelly in the Month of Septem.r of 1212 Fusly with the Amount Jummah for the same Fusly received from the Curnums of Shevagherry, I find the former stated as follows (enclosed No. 2) Total of 10 Vandums of Shevagherry consisting of 103 Villages Jummah of Fusly 1209— Star Pag.s 27777-32-52

The Curnums Account for Jummah 1209 Fusly for do. Consisting of 115 Villages including Putties or Hamlets — 20174-38-49—

This difference will shew there must be an error in the Accounts of one party or of the other which from the want of the detailed Accounts of the Canongoe for each Village I have been unable to detect, should the Canongoes Accounts not be in detail, I have to request sanction to take them from the Curnums—

I have to request the favor of the Board to direct the Collon-
-goes Accounts Connected with the Zemindarees now under my Su-
-perintendance be delivered to me, without which, I shall be una-
-ble unless by the inaccurate Accounts of the Curnums to form Sub-
-divisions of Estates of my Zemindary that may fall into arrears-

I have to request that a Copy of the Instructions of
the Special Commission which was forwarded with a State-
-ment marked A of the Revenues of Ramnad, Shevagungah and
other Pollams now and at former Periods with the amount
of the Jummah proposed to be assessed in perpetuity on those
by the Collector, and by Special Commission, dated 5th April 1803.
not being among my Records be likewise forwarded to me-

I shall lose no time in forwarding to the Board a
Statement of the Jummah taken from the Curnums for those
Zemindaries now in arrears for 1214, 15, & 16 Fuslees with a State-
-ment of the Subdivisions I propose to sell in liquidation of the
arrears for 1216 Fusly, should the Board be of opinion that
the extraordinary severity of the late Seasons does not autho-
-rize any relaxation in the laws ordained for the punctual rea-
-lization of the Revenues.-

I take this opportunity of bringing under Consideration
N.º 4 of the Board, a Statement of the Balances due by the Zemin-
-dars, previous to the introduction of the permanent Settlement,
which as they accrued generally while under the Superinten-
-dance of the Collectors when their Lands were under assump-
-tion, the Zemindars consider it, rather hard they should be made
responsible, for while the zeal abilities and exertions of the Compa-
-nys Collector was unable to realize it, on Consideration of the case,
I hope the liberality of the Board may induce them to recommend-
a remission of the whole of those Balances without which, some
of the Antient Heriditary Zemindars must be involved in the great-
-est distress, and indigence, if not entirely lose their Estates, for unavoi-
-dable failure in the punctual discharge of their engagements.-

From the great distance of the Hill Pollams from Ram-
-nad, and the setting in of the rains it may be probably twenty or
thirty days before I shall be able to report if I have or not succeeded
in obtaining the required accounts from the Curnums for the pur-
-pose

-pose of forming Subdivisions of the Estates, of the Zemindars in Arrears, in the event of the same inattention being shewn to my orders by them as hitherto, I shall not hesitate to recommend the immediate sale of the whole estates of the Zemindars in arrears that an example which appears to me indispensably necessary may be shewn to the other Zemindars to convince them that the dues of Government are not to be permitted to be squandered away by licentious, inattentive, Ignorant Ze-mindars, whose whole time are occupied in sensual enjoyment or the pleasures of the Chase —

I have the honor to be

To the General Agent for Salt Monopoly

Fort St. George –

Sir,

I have the honor to acknowledge the receipt of your Circular letter of the 7th Ultimo calling for a report on the Sale and Manufacture of Salt for Fusly 1216 –

The Manufacture of Salt in Fusly 1216 was

	Mc.	Mc.	
Madras Garce	1292	227	"
That of 1215 Fusly including Salt produced in former Years & purchased in 1215 Fusly	1911	241	5½
The Deficiency	619	14	5½

in the produce of Salt less 1216 Fusly than Fusly 1215 is not totally owing to decrease of Manufacture, the actual decrease of Manufacture being Madras Garce 379 – 14 Mc. . 5½ Mc. –

The cause of this decrease may be attributed to Indolence or a reluctance on the part of the Manufacturer to Manufacture Salt owing perhaps to a knowledge that the Revenue Servants are now prohibited from compelling them as was formerly the case to attend to their work –

The

The Warrom and Sodundrums now paid the Inhabitants who Manufacture Salt is precisely the same as paid them five Years before the Institution of the Monopoly—

The whole of the Salt Brought to Account by me in the last Fusly is Manufactured in the Pans of this Division and none has to my Knowledge ~~been~~ imported from Foreign Ports. Considering the Price at which the Salt is at present purchased from the Manufacturer—I do not conceive it would be possible to purchase it at a still lower rate, I am of opinion it will be more benificial [in the end] to Government to encourage the Manufacturer by giving him a liberal Compensation for his toil, a Manufacturer is enabled on an Average to Cultivate 3/4 Garce of Salt a Month for perhaps eight Months in the Year—he receives Warrom and Sodundrums Amount to S.P. F. C. 1. 31. 40 for every Garce of Salt delivered to Government. The Manufacturer being restricted by the Regulations from Selling his Salt to an Individual is obliged to sell it to Governm.t and no Person would buy it at present from the Manufacturer unless with a view to smuggle it but every Person would of course purchase Salt from the Manufacturer as long as it's Sold cheaper than the Companys Price if he were allowed—

Sale
The Sale of Salt for Home Consumption in 1216 Fusly was

		M.c	M.
Madras Garce	54	389	5
That for 1215 Fusly	36	329	5 1/4
Difference	18	59	7 3/4
For Inland exportation in Fusly 1216	966	145	..
For Fusly 1215	995	58	5 1/2
Difference	28	313	5 1/4

No Salt was exported from this District to any Foreign Port during fusly 1216—

The Difference of increase in Sale of Salt for Home consumption in 1216 Fusly more than in 1215 fusly of G. m.c m. 18. 59. 7 3/4—I attribute to the encrease of Population and a larger Quantity of Salt

being Consumed for preparing of Fish & other articles of that kind exported to the Inland Provinces from the Sea Coast—

The Deficiency of Salt exported Inland in 1216 Fusly less than in 1215 Fusly may be accounted for by the Trader in that Article going to those parts of the Coast to purchase Salt which afford fresh water & Forage for their Cattle— With regard to partiality being shewn to Purchasers at the Pans & of the Exclusion of them from the Markets where they wished to dispose in a retail of the Salt they had purchased as no proof has yet been exhibited to me of such being the case in this Division— I must conceive that such kind of obstructions do not exist—

The Inland Export Trade has been free, and no further impediment given to the Traders than that of the Tannah Peons detaining them to examine the Rowanahs—

No Exports of Salt by Sea to Bengall or other Foreign Ports has taken place from this District in Fusly 1216— I conceive however that Vessels large enough to Transport any quantity of Salt required could be procured on this Coast, the Charges of Shipping I suppose should be defrayed by the Purchaser—

The Manufacture of Salt in this Division has always exceeded the demand of the Market and a Balance of Salt generally remaining every Year unsold—

General Management

I have few remarks to offer on this Head in addition to what I have already Communicated in my Letters dated 12th June and 12th August 1807 with regard to the want of an efficient Check to prevent smuggling—

I am of opinion the erecting of Mandees at each Pan for storing up the Salt immediately on its being Manufactured and proper people placed over it to Check embezzlement of the proceeds from the Sales and to prevent Smuggling would cause a very considerable saving to Government not merely by preventing embezzlement but by preventing damage to the Heaps which now are only Sheltered from the Rains in the Monsoon by being covered lightly with Earth—

The Plan I have adopted for the Management of this Branch of the Revenue intrusted to my Charge will be generally

seen

seen in the annexed Copy of Hukumnamah, I have issued to the Servants employed in the Superintendance and Sale of Salt and the Daily reports I have required them to furnish me with under their signature —

I am induced to hope from the examples I have of late made of the Servants in this Department who have abused the trust I confided to them by putting them into the Zillah Court to be punished and by dismissing them myself from their employ that those now in place will find no advantage is to be gained by attempting to defraud the Circar — some few examples have been also made of Individuals who attempted to pass Salt without Rowanahs by bringing them before the Zillah Court where their Salt was confiscated and fines levied according to the Circumstances of the case, tho' but small quantities of Salt, the example of its having been confiscated will deter others from attempting to Smuggle in future —

I have no doubt but this great secondary Source of the Company's Revenue may by holding out liberal encouragement to the manufacturer and by vigilence on the part of those presiding over the detailed Superintendance of them be shortly improved into an encreasing Revenue —

I am Sir,
Your Most Obedient Servt.

I have the honor to forward for the approval and Sanction of the Board Statement of the Subdivisions of the Zemindarie I propose to Sell on the 15th December next in liquidation of the arrears of Revenue due from them.
No1

The Conditions of Sale are also enclosed.

The Permanent assessment on these Subdivisions has been Calculated at the Same pr centage that the whole Estate was assessed when permanently Settled.

I have been unable to obtain accounts of the last three years Produce from the Zemindar or Curnums of Paravo for the last fusly the Zemindar acknowledges no accounts were kept owing to a dispute with the Inhabitants regarding the measurement of the lands and a Combination formed against him by Several of his Motamdars who appear to have more influence in his Country the Zemindar has himself.

The Estimated value of this Zemindary is 6666 St Pagodas the Balance now due from the Zemindar is 1458-36-29. Should the Board approve the whole of this Estate will be ~~put~~ up to Sale This Zemindar and the others have objected to the Sale of their Lands as the Zillah Court have not yet appointed Commissioners to distrain and Sell the Property of the Ryots who failed to pay their Rent.
